WINDOW BREAKER

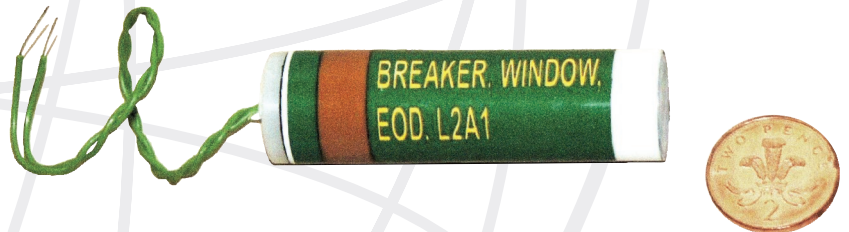

NSN 1385-99-766-4569

The Window Breaker is a single shot Explosive Ordnance Disposal (EOD) munition designed for use in Improvised Explosive Device Disposal (IEDD) vehicle clearances when it is necessary to break vehicle side or rear windows.

The weapon is capable of breaking toughened / hardened glass. The weapon is designed to be fired remotely from an ROV / UGV platform, or suitable stand and firing cable.

The Window Breaker also meets UK MoD DOSG requirements.

Window Breaker may be deployed in conjunction with a Disruptor such that render safe procedures may be carried out following vehicle entry. Brackets are available to allow fitting to Disruptors such as Pigstick, Hotrod, ABL2000 and ABL3000.
